RULING ON ENTITLEMENT¹

Corcoran, Chief Special Master:

On September 21, 2018, petitioner filed a petition for compensation under the National Vaccine Injury Compensation Program, [42 U.S.C. §300aa-10](#), *et seq.*,² (the “Vaccine Act”). Petitioner alleges that he suffered a shoulder injury related to vaccine administration (“SIRVA”) as a result of receiving an influenza (“flu”) vaccination on October 30, 2017. Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

¹ I intend to post this decision on the United States Court of Federal Claims' website. **This means the decision will be available to anyone with access to the internet.** In accordance with Vaccine Rule 18(b), petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access. Because this unpublished decision contains a reasoned explanation for the action in this case, I am required to post it on the United States Court of Federal Claims' website in accordance with the E-Government Act of 2002. [44 U.S.C. § 3501](#) note (2012) (Federal Management and Promotion of Electronic Government Services).

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, [100 Stat. 3755](#). Hereinafter, for ease of citation, all “§” references to the Vaccine Act will be to the pertinent subparagraph of [42 U.S.C. § 300aa](#) (2012).

On October 17, 2019, respondent filed his Rule 4(c) report in which he concedes that petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, respondent has concluded that petitioner's claim meets the Table criteria for SIRVA. *Id.* at 6. Respondent further agrees that "the case was timely filed, that the vaccine was received in the United States, and that the petitioner satisfies the statutory severity requirement by suffering the residual effects or complications of his injury for more than six months after vaccine administration." *Id.*

In view of respondent's position and the evidence of record, I find that petitioner is entitled to compensation.

IT IS SO ORDERED.
